a snail for us

Slow Food awards 173 Italian companies

For the second year our firm received the **"Slow Food Snail Award"** among 173 Italian cellars. We are proud of this prize because it concerns the way we manage our cellar and the values we believe in: land, work and wine are connected by an ancient, deep bond, with new characteristics and aspects, which are constructed slowly from one generation to the next, blending experience and science, tradition and creativity.

We also received an award called **"Vino Slow"** (slow wine) for our **Amarone "Ca' Coato"** (vintage 2007) and **"Vino Quotidiano"** (everyday wine) for our **Valpolicella Classico** (vintage 2009).

You can taste our wines **on the 23rd October in Milan** during the presentation of the second edition of **Slow Wine guide**, made by Slow Food (Milano-Rho Fair - Atrio Sud) from 14.30 to 18.30. For more information: www.slowine.it.

We'll wait for you to celebrate and taste our wines!
